Investment Deck, 2025

**Next Generation
Mobility Platform**

Amazing news, Aidan 🎉

You can borrow up to

£10,000

at 19.9% APR

✓ Pay at least a 15% deposit

✓ Buy a sensible car [from this list](#)

Here's an example 📌

Purchase price

£10,000

✓ Sensible car

Putting Consumers Back in Control Starting With How You Buy Your Car

We're building a multi-cycle mobility platform in the \$1 trillion car market.
It's fast, trusted and AI-powered – built for how people actually shop today.

Unrivalled Growth

\$0 to \$28M ARR
in 3 years

Near Profitability

Operationally
profitable Q4 25

Customer Love

Forbes

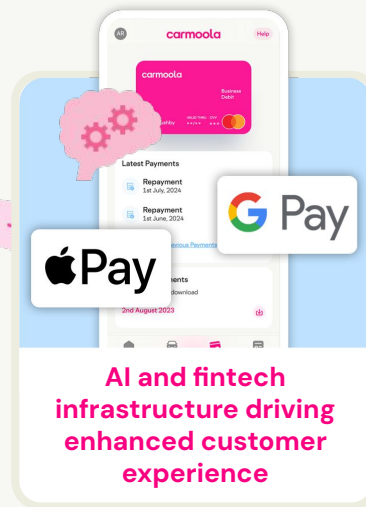

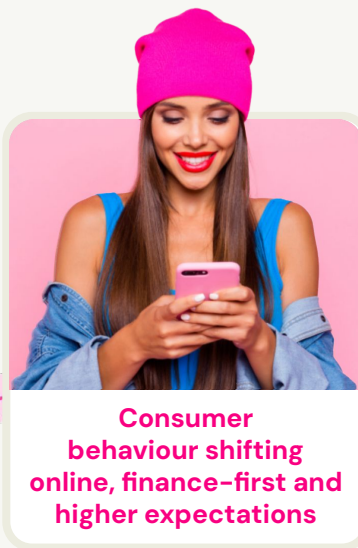

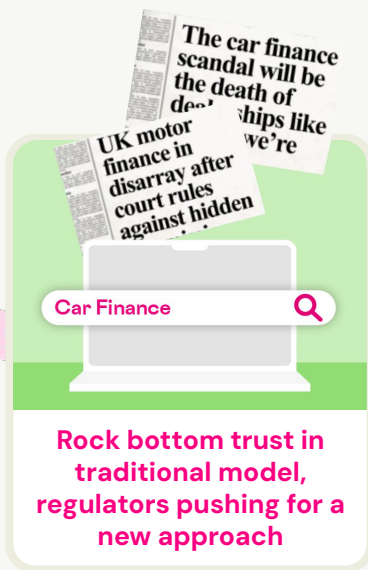

Bloomberg

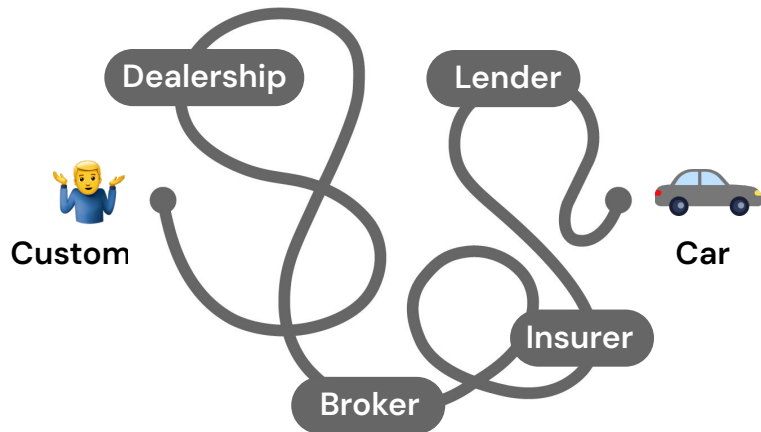

6 out of 10 car buyers

don't trust finance options
offered by dealerships

Car Buyers Have Moved On, But the Finance Experience Hasn't

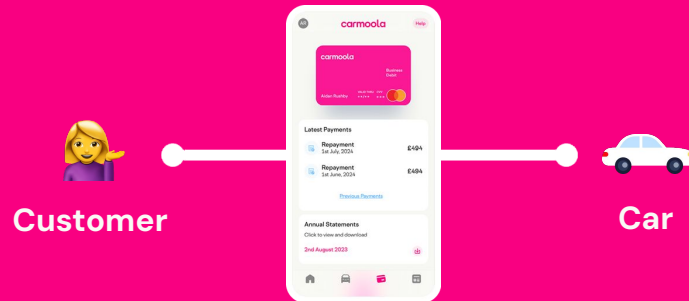

The Old Way

Finance confirmed last-minute at dealership
Confusing paperwork, no transparency
High APRs, big commissions
One-size-fits-all experience
Built for dealerships

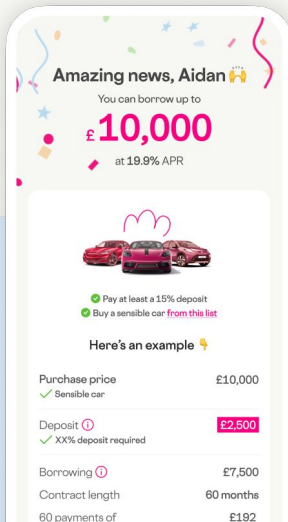

The Carmoola Way

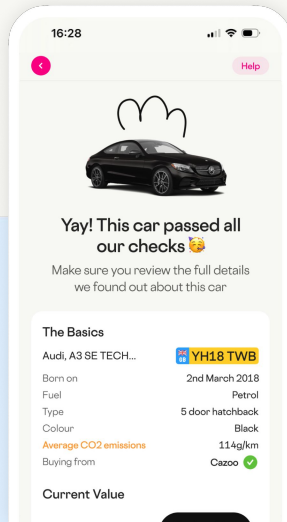

All sorted upfront, before your car search
Fully digital – clear process all in one app
Transparent, no hidden fees
Personalised and engaging product journey
Shifts control to consumer

A 10x Better Product Experience

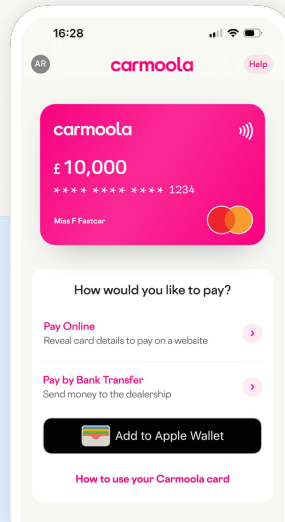

NPS
+92

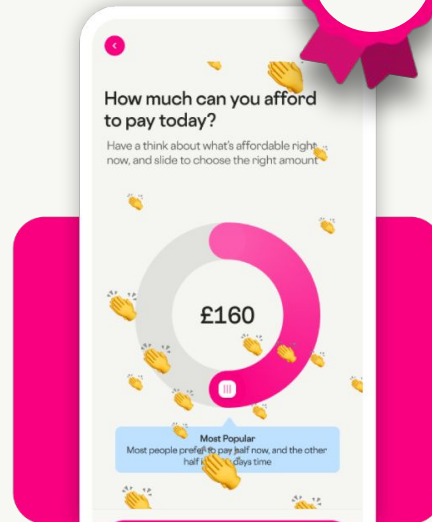

60 seconds to be approved, powered by AI

Search, add cars and check their history
(Normally \$19.99 per check)

Pay instantly online or in-person

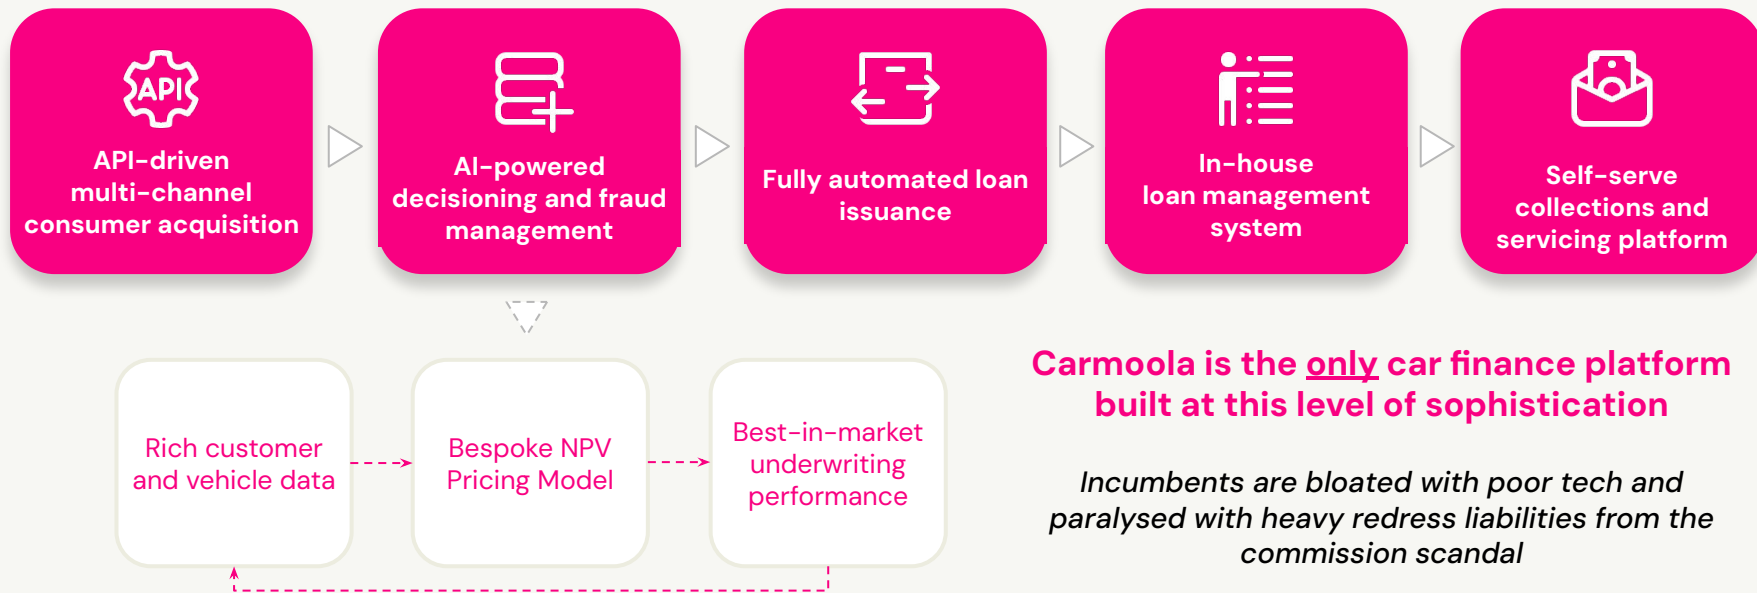

Manage payments, upgrade cars, earn Moola and add insurance

Empowering customers to make smarter financial decisions 💡

Powered by World-Class Technology

Highly efficient & scalable platform backed by **proprietary technology**

Driven by **deep data** and powered by **AI**

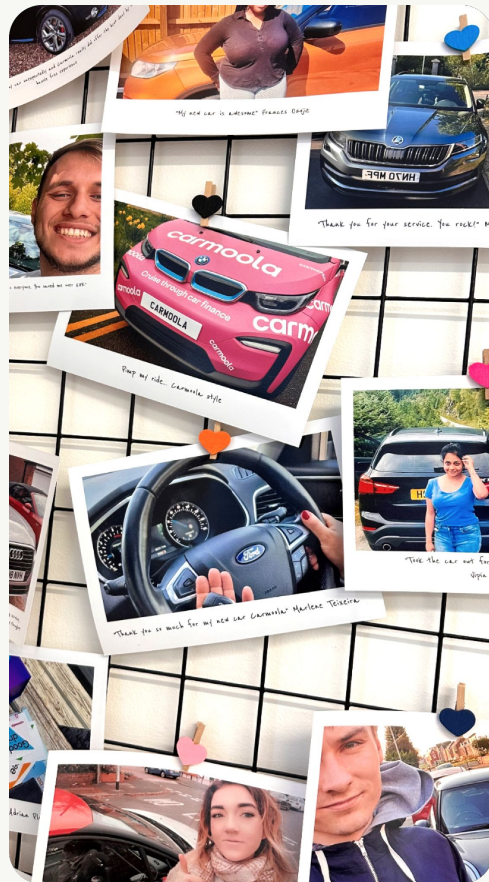

Carmoola is the only car finance platform built at this level of sophistication

Incumbents are bloated with poor tech and paralysed with heavy redress liabilities from the commission scandal

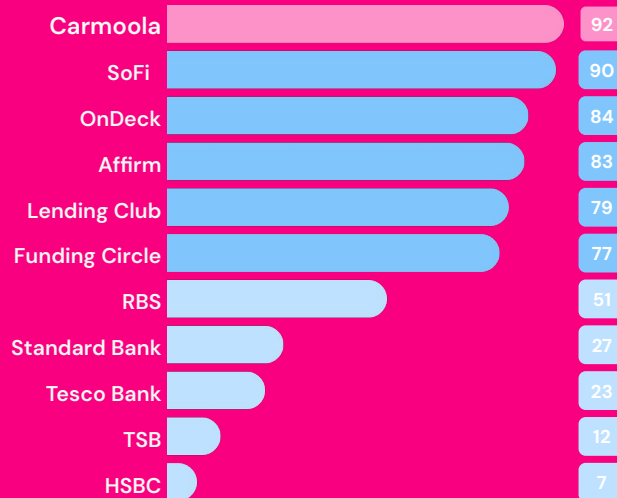

"Absolutely brilliant, signed up, used the app to check the car, Carmoola created a 'virtual debit card' in Apple Pay that I used to pay there and then. The dealer was literally gobsmacked at how easy it was."

Proud owner of "Lois"
his new Toyota GT86

Sophisticated Debt Strategy, Top-Tier Cost of Capital

We are consistently improving our cost of funds as we scale – and there is huge demand from banks and private credit funds to lend into this asset class

Building Defensibility Over Time

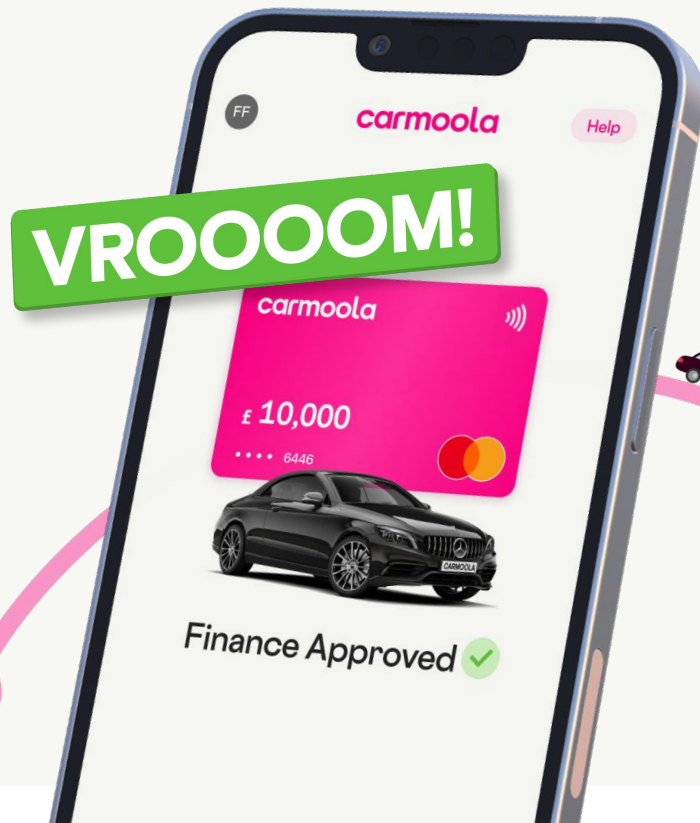

Where We're Investing Next

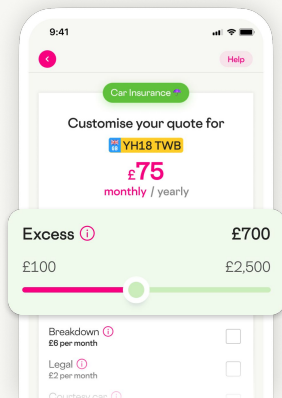

Dominate the UK market

- **Scale fast to dominate the UK** direct-to-consumer car finance market, cementing Carmoola as the go-to brand for transparent, digital car ownership.
- **Supercharge AI-driven marketing, agents, and decisioning**, using data and automation to slash CAC, boost approval accuracy, increase retention and accelerate profitable growth.
- **Expand into high-margin adjacent products**. Including insurance, a next-gen car marketplace, and the Carmoola card—to unlock powerful cross-sell and lifetime value opportunities.

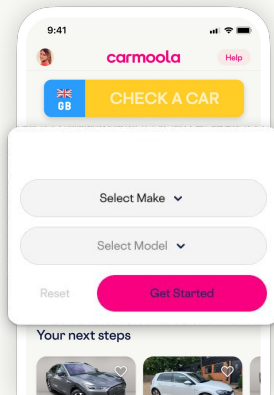

**\$30–40M capital injection gets us to
\$500M+ in revenue by 2030**

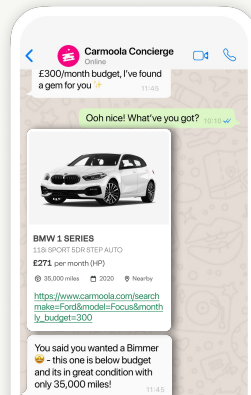

Product Expansion – into the Car Ownership Wallet

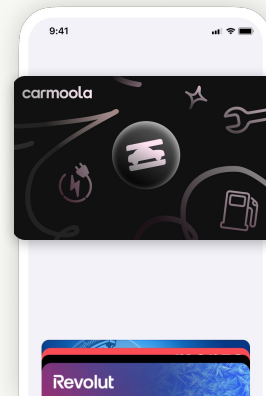

Motor and Add-on Insurance
(Launching 2026)
