About Cross Development	Cross Development is a Dallas-based build-to-suit developer (over 600 properties to date totaling over \$2B). This new opportunity is building three pre-leased Inpatient Rehabilitation Facilities (IRF) for Nobis Healthcare. These are the seventh, eighth, and ninth IRF build-to-suit developments that Cross has secured with Nobis as its preferred development partner. Cross has developed property in 32 states with approximately 20 projects currently under construction or development. In addition to single-tenant construction, Cross is also experienced in developing multi-family, storage, and car washes.	How It Works - Total build cost including contingency is ~\$132M. ~76.4% Bank debt (average across all 3 deals) - \$100.9M ~17.7% Senior pref. equity – \$23.4M ~5.9% Cross' subordinate LP equity contribution - \$7.8M - Cross covers any budget overages with no change to your economics. 0.5% of your investment will be deducted to cover partnership costs for the life of the investment to avoid sending invoices when legal/accounting bills come in. Any additional expenses will be covered by us, if applicable. - Lease payments start at Rent Commencement (~18 months) at 1/2 rate & ramps to full within 4 months. - Leases are “seasoned” for additional ~18 months and marketed (real world example sell to cap rates are in the 7's). - Any free cash flow from lease payments (lease payment, less bank payment) is distributed to Pref. Equity investors to pay 15% preferred return.

Deal Highlights	opportunity is to fund the next 3. So, we are funding the 20th, 21st and 22nd locations with this investment.		
	- Cross, through its principals and Kennor Cross Opco Investments, is a large investor in the Nobis Healthcare platform. The preferred equity returns owed to the Preferred Equity Partner are guaranteed by Kennor Cross Opco Investments. - Cross is investing ~\$7.8M, but subordinate to the Pref Equity - Attractive 20-year NNN leases already signed (rental rate is 10% of final construction cost to guarantee a build-to 10% cap). Cross is currently under contract to sell a Nobis hospital for a 7.11% cap rate. - Portfolio of 3 projects providing diversification and cross-collateralization of both the principal and guaranteed interest. - An attractive, locked-in, risk-mitigated rate for approximately 3-4 years in what is likely going to be a rate-declining environment. - Payments toward the preferred return are expected to begin in months 18-22. - Bids fixed and include contingency. Additionally, Cross covers any cash needs above budget out of their own pocket with no change in our economics. - Leases signed and next closings scheduled for Mid-January, 2026 (puts your money to work immediately accruing return).
