OVERVIEW, MEDIA RIGHTS PACKAGE & FINANCIALS

3ICE GENERAL OVERVIEW

- » 3ICE is a “new media” company in the shape of the first ever 3-on-3 professional ice hockey league that captures the excitement of the NHL’s 3-on-3 overtime format as our full-time format with rosters comprised of former NHLers and top pros from every top pro league and Hall of Fame Coaches
- » We have completed 2 full seasons of 3ICE and now begin the next exciting chapter as we look to 1) land bigger and better media rights partnerships and 2) expand our brand portfolio
- » Beginning in 2024, 3ICE’s portfolio of brand extensions expands so in addition to our current property, the soon to be rebranded **3ICE USA**, we will add **KIDS**, **WOMEN**, **CANADA** and **WORLD CUP** brand extensions
- » Our Media offering in 2024 will grow to 50 hours of live sports programming and then rapidly expand from there
- » We own 100% of our teams, IP and Media Rights as a single-entity ownership group along with NIL Rights to all of our Coaches & Players as well as our full library of past
- » Our full-slate of shoulder programming includes docu-follow series, reality competition series, made-for-betting series and totally unique fan-determined series that will impact the action on the ice
- » Our season takes place in June, July and August each year with our first 2 seasons airing across CBS, CBS Sports, TSN, TVA, RDS & ESPN Int’l
- » 3ICE USA is an 8-team league, each team has 6 skaters, 1 goalie and 1 coach with games consisting of two halves, each 8-minutes with a running clock
- » Unique rules make the game even faster and more exciting, e.g. all penalties are penalty shots, pucks are played live off the netting above the glass, goalie-restarts after each goal
- » Our brand pillars are **FUN. INNOVATIVE. SNACKABLE.** These translate across everything we do on and off the ice and in our media.

ADDENDUM 1:
THE BRAND EXTENSIONS &
MEDIA RIGHTS PACKAGE

MEDIA OVERVIEW

- » *Starting in 2024, with 2 successful 3ICE USA seasons under our belts (2022, 2023), we move forward with adding brand extensions to the 3ICE portfolio which multiplies our content offering, they are:*
 - » **3ICE Kids** – An “Under14” (12/13/14 year olds) boys & girls made-for-TV event in a single location, think our version of baseball’s/ESPN’s highly successful “Little League World Series” (established in 1947 and now a global media phenomenon)
 - » **3ICE Women** – An “opening act” played at each of our 3ICE Men’s events
 - » **3ICE Canada** – A simultaneously played Canadian division that will mirror our USA league in both scope and timing, but played on a different night of the week
 - » **3ICE World Cup** – a made-for-TV event played in a single European location that ostensibly becomes the World Cup of 3v3 Hockey
 - » **3ICE Live Breakaway Shootout** – A ½ hour made-for-betting breakaway battle shot live on the day of the 3ICE games (both USA & Canada)
 - » **“3ICE: Inside The Glass” (1 hour X 10)** – Our reality docu-follow series that takes fans closer to the players, coaches and executives than any other sports property ever could, think our version of Netflix’s “Drive To Survive”, but with way more access and the drama of a start-up
 - » **“3ICE In 30 Minutes” (½ hour X 10)** – Our weekly 30-minute highlight/weekly recap show
 - » **“This Week In 3ICE” (1 hour X 10)** – Our weekly, studio-based chat show with coaches, players and insiders covering all the action that was as well as previewing the upcoming week’s games
 - » **“3ICE Hockey House” (1 hour X 10)** – In this ground-breaking reality series “Big Brother” meets the UFC’s “Ultimate Fighter” where 3ICE players live together and compete for a starting roster spot, but with the unique twist of having the fans vote on which players start games

3ICE USA OVERVIEW

- » This is our current property, currently taking place across the USA in Summers (June/July/August) airing live in prime-time known as 3ICE, but will be rebranded as **3ICE USA** for 2024
 - » Currently played on Wednesday nights airing at 7pm ET (-5 hours UTC), but may be shifted in both day and start-time to accommodate your programming needs
 - » In 2024 and beyond, we will tether our teams to 8 great hockey markets and name them after those markets, e.g. 3ICE Boston, 3ICE New Jersey/New York, 3ICE Pittsburgh, etc.
- » Each season's broadcast consists of 8 regular season tour-stops (aka events) + 1 championship tour-stop X 2.5 hours each of live game action
 - » 22.5 hours of live-game programming on-screen
- » We add another ½ hour of Live Pre-game and live Post-game show (~15 minutes each) to make an even 3-hour broadcast
- » **3ICE USA** Programming Summary starting in 2024
 - » 2.5 hours of live game broadcasts X 9 events = 22.5 hours each season
 - » .5 hours of pre/post game X 9 events = 4.5 hours each season
 - » 3ICE USA TOTAL PROGRAMMING = 27 hours each season

3ICE KIDS OVERVIEW

- » This made-for-TV event held each Summer and is the equivalent of “Baseball’s Little League World Series”, but we have 12/13/14 year old boys and girls competing each year in a single location, e.g. Buffalo, NY, USA
- » We launch in 2025 with the best-in-class partner 200x85 <https://200x85.com/> making this our first brand extension which will be profitable from “Day 1”
- » We begin with a USA bracket in 2025 then eventually expand into USA v Canada, then into USA v Canada v Europe v Rest-of-World for both boys and girls in a week-long TV property that not only celebrates youth sports, but is highly lucrative for 3ICE

200x85.com

 - » Teams will be referred to as 3ICE [City Name]
- » Each season's broadcast will consist of 8 regular season tour-stops (aka events) + 1 championship tour-stop X 2.5 hours each of live game action

***MULTIPLE INVESTMENTS MADE**

OUR PLAN

- » From Day 1 we envisioned methodical phases of success, expansion and driving media-rights value
- » **Phase 1 (2021/2022)** is now complete, we delivered on our 3 core KPIs at this stage:
 - » Outstanding on-ice product
 - » World-class TV broadcast + proof of audience; our 2022 Finals broadcast on “big CBS” = nearly 300,000HH viewers
 - » The Player experience was second to none, they now evangelize us which will improve our player corps dramatically
- » We are now in **Phase 2 (2023)**
 - » Expanding from 6 teams to 8 and tying our teams to local markets for better fandom/ticket sales/viewership
 - » Driving value in the media rights and have begun shopping them globally – THIS UNLOCKS THE VALUE OF OUR BUSINESS MODEL
- » **Phase 3 (2024-2026)**
 - » Realize profitability and grow that margin
 - » Step-by-step expansion (eventually up to 16 teams) and brand extensions, e.g. 3ICE Kids, 3ICE Women, 3ICE Canada + a Champions League, etc.
 - » Further value creation in the media-rights
 - » Explore selling franchises (8 US, 8 Canadian)
- » **Phase 4 (2026/2027)**
 - » Exit. Successful media company valuations often exit at 10X to 15X of revenues- this is our goal

THE FUNDRAISE & INVESTOR BENEFITS

- » We are raising approximately \$10M
- » Expanding to a city-based model in 8 US Markets and investors are buying into the parent company, i.e. into all of 3ICE Enterprises Inc.
 - » As we grow and expand, your investment and ownership is extended to all of our new initiatives, e.g. 3ICE Kids, 3ICE Canada, etc.
- » Investors will enjoy entertainment opportunities for friends, family, business, etc.
- » Pride of ownership, ability to act as the face of 3ICE in your market- if applicable- to bring attention and prestige to your local event
- » Value of 3ICE/your equity will increase significantly when media rights deals and expansion occurs
- » Near-term exit opportunity at a strong multiple, e.g. 10X to 15X off of Revenues

USE OF PROCEEDS

In addition to providing the needed runway, the funds allow us to realize the “hockey stick moment” of securing that next-level media partnership that unlocks the value in our model, improve all of our processes and...

- » Build brand equity, raise awareness and securing strategic partners that garner “eyeballs” to maximize our media rights
 - » Build an in-house content production team (Cameramen, Editors, Field producers, studio), think “NFL Films of 3ICE” to raise awareness year-round with a larger audience (building our content library and increasing our media rights value)
 - » Hire “boots on the ground” promotions staff for each market/franchise to focus on ticket sales and in-market marketing
 - » Bigger/better strategic marketing collaborations on the content side, e.g.
 - » Partner with current NHLers that have the largest social media following
 - » Partner with strategic allies, e.g. USA Hockey, Hockey Canada, Camps/Clinics, local rinks, etc.
 - » Bundle the top 10 to 20 social media influencers and create short-form series, e.g. Pavel Barber, Dude Perfect
 - » Buy “chat segments” in top hockey podcasts/radio shows
 - » Partner with local media outlets for events and VIP experiences
- » Hire additional/better support staff and key vendors for our global brand extensions
- » Enhance Sponsorship & Ticketing Sales, Data Analytics/First-party Data Capture for betting and Strategy

Media Rights math

2027, 16 hours of programming X \$5,000/hour = \$80,000/country X 10 countries = \$800,000

2028 grows to 14 countries = \$1.12M

2029+ = 24 hours of programming X \$5,000/hour = \$120,000/country X 16 countries = \$1,920
